## PROJECTS

### PORTFOLIO WEBSITE

HTML, CSS, JAVASCRIPT

Responsive Portfolio website to showcase my skills and experience

### E-COMMERCE WEBSITE

REACT JS, MONGODB, EXPRESS AND NODE JS

Displays a range of products with descriptions, images, prices, and availability. Enables users to add and manage products they intend to purchase. Enables customers to leave feedback and ratings for products.

### SORTING VISUALIZER

JAVASCRIPT

A simulation which displays the elements of an array on a beautiful UI with attractive animations of elements being sorted using various sorting algorithms like merge sort and quick sort.

### MOVIE FINDER

REACTJS, NODEJS

simple web application which helps user to find movies based upon title. Further information about the movies could also be displayed using different APIs

## ACHIEVEMENTS

- Rank **1** in Branch
- Solved more than 500 DSA Questions on platforms like Leetcode(Link), Code360 (Link)
